The Lunar Return

Astrology can provide many valuable panoramas as you move through this world, from a lifelong overview to the snapshot of the opportunities available in a single instant. The view you get depends upon how far back you pull from the subject and thus how much your eye, so to speak, can encompass. In the words of the Sesame Street song:

That's about the size,
Where you put your eyes,
That's about the size of it.

It's all in how you frame your picture. The

closer to the subject you get, the greater the detail - the farther away, the larger the scope. The natal horoscope with its transits and progressions can, for instance, give you a view of all the days of your life, painted with a broad brush. Or, the sweep of the heavens in the instant of the moment can portray where you're at right now. In the middle, the pictures of the coming month or the coming year are available to you in the form of lunar (monthly) and solar (yearly) returns.

What Is A Lunar Return?

Your Lunar return is the monthly chart of the instant the Moon in the sky returns to the exact position it was at your birth. It's kind of a monthly birthday, and the arrangement of planets it displays reflects the patterns of your coming month. Each month, this re-birth-day works out its potential for you and then is renewed once again 27 1/2 days later with a new set of surprises and opportunities.

How Does It Work?

Like your natal chart, or any other kind of horoscope, a Lunar return is a chart of a beginning - in this case, the monthly beginning of the lunar cycle that started at your birth, which is the cycle of your response to your environment, including your emotions, feelings, interactivity, social well-being, and generally how creatively you react to the challenges and opportunities of life. It works on the principle that when you begin something - anything - everything that flows from it is bound up in the initial conditions under which it started. The beginning is your foundation, and you build and rest upon it until you are finished. A Lunar return is the astrological depiction of the new beginning you make each month and what results from it until the next cycle begins.

Well Begun Is Half Done

"The beginning is half of everything," said the ancient Greeks, and so your monthly beginning is something to be taken seriously and honored, if you want your lunar month to have a good start. Thus, give yourself a little time and space to rest and meditate if you can in the few hours surrounding the time of your Lunar return each month. Take the time to think about what lies ahead, plan your strategies, and gather your resources so you can make the best of what's offered. Look over the aspects in your Lunar return chart and the days and times ahead where

they individually kick in. Once you've got a calm picture of the challenges and openings to come, you can rise to seize the day, one moment at a time, and make the most of the month.

Changing The Picture

The planetary positions in a Lunar return are locked in at the moment the Moon returns to its natal place. Where these positions fall in relation to the local horizon, and thus the areas of life in which they work, is entirely dependent upon where you are at the time. Thus, if you see that your Lunar return is going to develop a picture you'd like to rearrange, that can be accomplished by placing yourself at the right spot on the globe to

fine-tune the event. Many astrologers travel widely in order to adjust both Solar and Lunar returns - I have done so repeatedly over the last 35 years with apparent great success, so I recommend it when necessary. Moving about extensively every month is not easy for everyone, but being aware that it affects the Lunar return is a plus if you normally travel on business and have some say as to where.

Pieces Of The Puzzle

The Lunar return is a large piece of the astrological picture of what happens with your life every month, but it is not the only one. Lunar transits, New and Full Moons, and other factors also weigh in, so they have been included in this report so you can have a more complete picture of what to expect and what

you have to work with. You should remember, however, that factors whose timing is as short as a monthly cycle are more like the minute or second hands on your life's clock face. Don't forget to stand back every now and then and refresh yourself with the

big picture of where you are and where you're going, which are described by long-term transit and progression cycles. After that, you can get back down to the day-to-day nitty-gritty which the Lunar return offers and know that your focus is tracking and

every moment is enjoyed and utilized to its best advantage. With that in mind, read on and launch yourself into the coming month with the wind at your back and the planets racing by your side...

Your Personal Lunar Return

Your Lunar Return Chart This Month

Your Lunar return can be read in a manner similar to many other types of horoscopes, except that in doing interpretations it must be kept in mind that it has an unusually short life. The chart is only in effect for 27 1/2 days until it is supplanted by the next Lunar return. Thus, where the middle and outer planets are concerned, there is little or no change of sign over literally dozens of Lunar returns. This makes the overall influence of signs more of a long-term, barely changing backdrop and thus negligible in effect. The house placements and the mutual aspects of the planets and Angles thus become where all the action is, fueled mostly by the faster-changing positions of the inner planets. That may be just as well, as trying to stuff too much interpretive information into a description of a single month leads to diminishing returns, and what is important gets lost in the shuffle.

So what is most important in a Lunar return? Certainly the house positions of the Sun and Moon, and the sign of the Ascendant, which represent the main areas of focus for the month, along with the house positions of the planets. After that comes the aspects of the Lights, Angles, and inner planets to each other and to the middle and outer planets, which describes the dynamics of the month. Last comes the aspects of the middle and outer planets to each other, which provide a background dynamic upon which the rest play out. These, taken together with featured elements of your natal chart highlighted by Lunar Return positions, give an overall picture of the coming month.

Daily Events

After a look at the overall picture for the month, daily influences are painted primarily by the transiting Moon as it passes through the natal and Lunar return houses and ticks off its conjunctions to planets in both the natal chart and the Lunar return chart. This accounts for 47 occurrences, each of which happens once, in varying orders, throughout each month. As the Moon transits the houses and planets of the natal chart, it triggers events that are both personal to the moment and yet connect with more long-term issues as well, since the natal chart abides permanently. As the Moon touches the houses and planets of the Lunar return, however, its effects are to highlight and spark off the trends depicted in that chart only, and thus apply only to very short-term developments. These Lunar transits thus give what amounts to inner and outer pictures, short-term and longer-term effects working together, both of which are described in the text.

Personal Void-of-Course Moon

One final, and very useful, addition is the Personal Void-of-Course Moon. The period of time every 2 1/2 days when the transiting Moon has made its last aspect to another body in the sky before changing signs is described as a Void-of-Course Moon period. It can last from a few minutes to over a day, depending how late in signs the planets are at the time. Because the Moon at this time doesn't really have its "feet on the ground," is generally considered a period unfavorable for tangible decisions that require solid support, but an excellent time for insight, relaxation, and reaching outside of confining boundaries. Many astrological calendars include a monthly list of these times.

If you have natal planets late in one or more signs, however, an ordinarily Void-of-Course Moon may still be making aspects to your chart, allowing you a special exception from the rule and giving you a decision-making advantage at this time. Conversely, if your planets are mostly early in signs, then for you the Moon goes Void-of-Course sooner than for the rest of the world, allowing you to check out and party early, while others are still in a more mundane frame of mind. Thus, included here is a list of your own Personal Void-of-Course Moon times unique to you alone, in order to give you a very specific personal advantage. They each begin when the Moon makes its last aspect to your chart and end when the Moon enters the next sign.

Lunar Return: Jun 19, 2016

As in a natal chart, the first thing you look at is the position of the Sun, Moon, and Ascendant. Their positions and aspects form the fundamental dynamic for the month: whether it's coming on like a juggernaut, sneaking up like a cat, stumbling in like a bull in a china shop, or striding in like a hero. Since the Lunar Return Moon is the same as your natal Moon, any aspects to it are also transiting aspects to your natal horoscope, thus uniquely entwining both charts and making the Lunar aspects especially important. The house position of the Sun and Moon tell you where your main action will be all month, and the Ascendant sign show the overall style. Easy aspects of these to the rest of the chart will show a month whizzing by according to plan. Hard aspects will indicate tangles and challenges to overcome. The text relays how to make the most of the former and how to transform the latter to get best results from the month.

Sun

You may find that the next lunar month revolves around fundamental issues of what you stand for and where you live. On the outside, this may involve tending to issues of home and house to make sure that your home is indeed your castle and properly reflects and satisfies what you are and where you want to be. On a deeper level, you can find yourself looking to further uncover your roots in a deeply personal way - what you stand for, the bottom line of where your foundations lie. Issues of ethics and decisions on moral issues may present themselves, and now is the perfect time to address them, as your heart will be in it.

Sun in Fourth House

When in doubt, this month, turn on the charm. You may be able to get by with anything as you can utilize the force of your own charisma to overcome almost any obstacle. The only difficulties you may run into with this approach is that though your faults may get overlooked now, they may become apparent later, so you have to be able to deliver what you seem to promise. The whole month has a tinge of this lovely but risky illusion, coming from others as well, so take care not to be overrun with momentary desire that may bring longer than intended consequences. Armed with that caveat, however, you can look forward to a positive spin on circumstances whenever you choose it.

Sun Conjunction Venus

Moon

What are they saying about you? Aren't you curious? Well, you probably should be, and now's the time to intuitively put your finger on places to shore up your reputation and beef up your curriculum vitae. Remember, it's not just what people are saying, but what they are feeling, that affects your ability to succeed, so tune in carefully. In career matters, trust your intuition and be ready to move quickly to be the first with the most. Those who hesitate are lost, so don't dawdle around finding yourself, just make the move you feel is right, and the rest will follow. After that, you can sit back and read the reviews as they come in, knowing you've done your best...

Moon in Tenth House

This year is a voyage of discovery laid out like a package tour, where unexpected treasures of the mind and heart spill out easily, without seeming effort. In fact, you may quite take for granted what others would consider challenging or even far out, so that you may not appreciate the novelty of what comes your way. Try to see yourself as others see you, and you'll have a better idea of how to utilize your gifts both for your own gratification and for the general good. You've got the ability to be a leader with a fresh and original approach, and people will flock to if you just let them know you're there. Treasure your discoveries and share them.

Moon Trine Uranus

This can be a month of very smooth moves on your part, as your ability to react to circumstances combines well with your social skills and diplomacy. Gentle persuasion is the approach, and others will find you quite convincing when you use the soft sell, not the hard. When you stick to customary avenues of approach you'll do better than coming in with ideas from left field. By maintaining a strong comfort level you'll make the quickest and greatest progress. Emotions are best kept in check and on an even keel, though that does not mean you have to repress yourself, just express your feelings in a measured way so as to be persuasive but non-threatening.

Moon Sextile Ascendant

Ascendant

This month proceeds in all directions at once, but it escapes the chaos that could bring. Rather, by pursuing each individual path, the totality comes together and is accomplished. Tend each individual tree, and when you stand back, you'll have a forest. Take a pluralist approach, which allows everybody to be right as long as it promotes the general good. Eat bread, not cake, and keep your head on your shoulders. The common touch is the Midas touch right now, so don't put on airs or pretenses of superiority or exclusivism. Prima donnas get voted off the island. It's one for all and all for one - if it's good enough for anyone, it's supposed to be good enough for you. Expect excellence to suffer somewhat, but fairness to blossom. The popular vote rules.

Ascendant in Aquarius

Halting delivery or lack of clear follow-through can get you into a physical tangle, leaving you unnecessarily drained and frustrated. The more you think about what you are doing, the

more you sabotage your own efforts, so your clearer choices would be to back off and let someone else do the physical work or personal appearance, or just try on something you care less about and therefore be a little looser with. The essence of the difficulty is distraction - either from yourself or from conflicting inputs at home or work - the answer may be to make yourself scarce and do what you need to do alone where you don't have to keep an eye out over your shoulder.

Mars Square Ascendant

The inner planets change significantly from month to month and indicate the personal permutations your life is going through. Basically, it's the framework of how you play the game, who else is playing, and how they're playing it. Easy aspects mean you win with no contest, hard aspects suggest a more hard-fought game that may put your life skills more to the test and increase your personal growth and talents through experience. The text relays both sides and gives advice on what games to play, what ones to avoid, and the best strategies - whether you want to raise, hold, or walk away.

Mercury

Brainstorming is a decided option this lunar month. Intellectual sparks fly and open up networking possibilities. The ability to put your ideas into words and get them across increases, so now's the time to write those letters, make those phone calls, chat up associates, and generally become an active part of the matrix. Dealing with technology will be easier, knotty problems simpler to resolve, fuzzy thinking clears up. Descarte's "I think, therefore I am" applies to you doubletime so put on your thinking cap and stoke your gray matter. Details fit better into the whole plan, so attend to them and be sure they are in their proper places. It's a perfect time for that "Aha!" moment when the mist clears and the landscape comes into full view.

Mercury in Third House

Expect delays in even the most well-laid plans and give your schedule lots of extra room to take up the slack. It can be easy to be pessimistic, but impatience will do you no good and this, too, will pass if you take the time to work things out. Watch what you sign, as you could be in for more than you think and extra burdens are easy to come by right now. Don't be surprised if the cat's got your tongue and it's not always easy to express exactly what you mean. Take time to rephrase, set the record straight, then proceed on as usual. Delays are worth it only if you get it right as the result.

Mercury Opposition Saturn

If there is every a likely time that falsehoods should abound, this is it. Take everything you hear with a grain (no, a barrel) of salt and always check it out before you make a move. Sometimes you will encounter only outright confusion or misunderstanding, but sometimes it will be outright lies. Forewarned is forearmed, but more difficult may be the temptation to bend the truth yourself in the interest either of expediency or because you don't understand the

situation yourself but want to hide it. If you don't know, ask. Ask several times until you're sure. Never let self-deceit draw the veil of ignorance around you when a little more trouble will bring you truth.

Mercury Square Neptune

What you observe and learn from on the home front may either interfere with or take precedence over professional and outside life, and that may be just as well. When you forget where you came from, your external efforts cannot be for long sustained. When you renew your foundations, patch the cracks, repour the cement, then you can sally forth with confidence, knowing your roots are solid, your support is firm, and you have refuge when you need it. Speak clearly to these issues now, and they won't be piping up when you're too busy to tend to them later. Know your heart, know your family, know your faith - then learn the rest.

Mercury Opposition Midheaven

Venus

You should find time to take pleasure in pleasure, exult in creativity, and take the time out for love - whether with a partner or your family. You'll find yourself particularly inclined to let down your inhibitions in favor of a good time, and now's a good time for it. A particular talent to achieve grace and proportion will lend itself for awhile, so pick up the fruits as they fall from the tree. Life is a cabaret, and for awhile you're in the floor show if you'll just follow your nose. Make sure to take a lot of pictures, as this may well be a time you'll want to cherish in days to come. Operant phrase: make hay while the sun shines.

Venus in Fifth House

Mars

When given the chance to learn something new, latch onto it. You've got the energy now to push yourself into new areas of exploration that you'll use as resources later, so make room for the opportunity. Your inclination will be to follow broad outlines and let details pass, which will enable you to progress in leaps and bounds. You can go back and sweat the small stuff later. Although you may be tempted to get into legal tangles, remember that they always last longer than you think and you could run out of steam before they're over. If you get the opportunity to travel this lunar month, snap it up, it's the perfect time. Avoid the tendency to be preachy, but feel free to broadcast your message.

Mars in Ninth House

Mars Retrograde

Every couple of years Mars goes retrograde for about two months, impacting on two or three of your Lunar Returns. The period during which it is retrograde (Apr 17, 2016 to Jun 30, 2016) marks a background that affects everyone in a similar way and is not to be ignored. It slows down ongoing projects, often hamstringing the ability to get on with things. It forces restarts after the period is over, and it generally causes the energy level all around to lower, dragged down by unnecessary repetition, frustration, and fatigue. This, too, will pass, but wise up accordingly, store up extra energy, and don't try to overshoot the mark. Projects you want to be especially strong and vigorous should wait until it's over.

The positions of the middle and outer Planets - Jupiter, Saturn, Uranus, Neptune, and Pluto, along with the Moon's North and South Nodes - change little from one Lunar Return to the next, so they add more of a backdrop, the stage set on which the monthly play is performed. They are very powerful, however, and their long-running helpful and troublesome aspects are not to be taken lightly. They can be like a rope to swing yourself across the stage or a trap door that will cause a fall if you're not watching. The text on the mutual aspects of these giants to the inner planets and the Lights, and where they fall by house, shows you just where to watch for them, what mood they're in, and how to get them on your side.

Jupiter

This is an ideal period to expand your relationship with your partner or find some new ones. You'll likely discover new ground you both share which puts the pizzazz back in everyone concerned. Kick it up a notch, try something adventurous together, discover unnoticed ways in which you complement each other. You'll not only find out more about each other, but you'll both grow with the experience and realize just how much potential is there if you spend some time nurturing it. On a less personal level, this is also a good time to wheel and deal on the business front and pick up new contacts that will come in and assume strong supporting roles. Just be careful you retain your full autonomy.

Jupiter in Seventh House

This one-year-in-ten period is full of shifts and changes, struggles and dissatisfactions, confusion of purpose or profit in the world in general. If you didn't think ahead and see this coming, you can find yourself rather at the mercy of changing storms. Although this may not affect you that much, it's affecting the general populus, so expect shifting sands on a regular basis. This applies not just to economics but to disagreements about the very makeup of moral fiber, right and wrong, which side are you on, and so on. Don't go for an easy fix, as a good one probably won't be available at all this year. The wise are waiting, not wading in.

Jupiter Square Saturn

One of the greatest challenges of breaking new ground is establishing a clear vision and holding on to it, despite the vagaries of the mundane world. That's the challenge all around right now, as it is difficult to focus on what seems to be obvious improvements in life, love, business, you name it. Just as you think you've got it all together, the mind wanders, the objective eludes the eye. If this seems like it's contagious, it is, as it's a general trend of which you are only a part. To that extent, the most likely places you'll find what you are looking for are the quests of others who also are trying to find their hearts. The more you can share the search, the more likely each is to find the journey's end in sight.

Jupiter Opposition Neptune

New frontiers, hot prospects, expanded operations are not hard to sell right now - in fact, the soft sell will be the most successful. Whether you are promoting your affections or your consumer product, act as if it's the only way to go in the world and is pretty much of an

accomplished fact already. The more faith you have in yourself, the more others will have in you, and the more likely things will work out right for you, since everyone is expecting them to. Still, keep on your toes, as if you believe too strongly in what you are saying, you may just sit around and wait for it to happen, when in fact it is you who must be the driving, though not domineering, force.

Jupiter Trine Pluto

This next month or so can feed the inclination to go whole hog and seize the day by jumping in with both feet. That can apply to personal as well as career enterprises, which can be a thrill and a challenge. Remember, however, that big ideas and promises entail big delivery down the line, so you had best scope out the road ahead before climbing on a bandwagon. That said, you'll also likely see more than your share of optional new directions asking for your commitment, and if you're ready, there's no time like the present. Don't let life pass you by. The new shoe you slide into today may be tight on you tomorrow, however, so leave yourself some room to grow.

Jupiter Conjunction Node

People may find some confusion this month in differentiating who you are in person with what they have heard about you. No matter how you dice it, this is tricky to resolve without either seeming too self-important or making the situation even muddier. Two solutions seem best. First, you can avoid personal appearances and let your reputation and partners do the talking, or you can be extremely modest but warm and supportive in your interactions so as to minimize any misperceived threat (think you're not threatening? Anybody can be, without meaning to be). Either can work, or even a combination, but if you don't get the right response, don't take the same approach a second time.

Jupiter Square Midheaven

Saturn

Grand ideas and sweeping generalizations are not of much use right now - you're better off getting back to basics. Greater demands will be put on your sense of right and wrong, so the more in touch with yourself you are, the more you can rise to the challenge. You'll be better off working from fundamentals that don't brook argument, as excuses won't be tolerated, or shouldn't be. Stay out of the courts, stay relatively close to home, and work on making what you've got better. No frills, just what applies and no more. Get your feet on the ground and keep them there for awhile, speculation and flights of the imagination can wait until you've redefined your bottom line. Omit needless words, don't repeat yourself. If it's sufficiently simple and streamlined, your point will get across. If not, trim it.

Saturn in Ninth House

This period of about a year, which recurs every 18 years, is often a time of great hope or disillusionment for society at large, when what seemed to be a harmonious, hopeful, and supportive world turns back into a surprise Darwinian scenario, or vice-versa. The period of the Kennedy assassination or the end of World War II are examples, and though not everyone is personally affected, everyone is somehow changed and life isn't quite the same afterwards. The conflict of ideal with real, whichever temporarily triumphs, reminds one that the two worlds are

fundamentally at odds and that you must juggle both in order to be human. The lesson lies not in the fact that we see it, but that we so quickly forget it.

Saturn Square Neptune

Saturn overhead this month could get you into trouble through ill rumors and resistance in career matters. The way to avoid these is to head them off at the pass using surprise tactics. Be the first one to uncover your own errors, and you'll be said to be mature, not just mistaken. Proclaim responsibility for the past and then move on. When challenged, do not confront but draw in your adversary with a quick retreat, then move on past. Intransigence will get you nowhere, so don't feel you have to prove a point but keep your eye on what you really want in the end, not just right now. When it's clear you're in it for the long haul and have the tenacity necessary, criticism turns to admiration.

Saturn Conjunction Midheaven

Uranus

You might want to spend some extra time balancing your checkbook this lunar month, with emphasis on keeping a cushion to avoid surprises. Sudden expenditures can take you by the lee and then be followed by equally unheralded infusions of cash. Don't let it upset you, as it all evens out in the end, but it can be a bumpy ride until then. At the same time, it will open up new ideas of income possibilities as you discover there are more resources out there than you thought. You don't have to develop it, it will just appear out of the blue. All you have to do is stay ready and steady pending its arrival. Of course, that may be easier said than done...

Uranus in Second House

Neptune

You may find you have some difficulty making yourself clear this lunar month, so don't be surprised if you have to repeat yourself to make a point. On the other hand, your ability to dissemble is heightened and if you need to pull the wool over someone's eyes, this will most certainly be the time. People will tend to project their own fantasies on you, and your best response is to work with what they see rather than to try to clarify things, as you may have difficulty doing so. It's a good time to get caught up in your imagination, with yourself as the main player. If you like the part, keep it. If not, choose another. It's very fluid right now.

Neptune in First House

Keep an eye out for misreadings of who you are and what you've done, which may be drifting in the wind. These may not be intentionally misleading - only wrong information passed on and magnified like a game of post office. Still, corrections will be in order, as conflicting stories about your intentions and your accomplishments will only go to muddy your professional efforts and dilute your reputation. These may have arisen as a result of conflict between your personal presentation and what you put out on paper or on the airwaves, so you may have to get your public relations operations straightened out to match. Don't push it right now, just note what has to be done.

Neptune Square Midheaven

Pluto

Time spent in good company can be transforming or traumatic this cycle, you decide. When those closest to you have personal issues, understanding and acceptance are the preferred path, conflict and confrontation to be avoided. In an atmosphere that seemed easy, you will find out just how individual we all are and that imagined threats can seem very real until they are exposed to be without substance. This is what the Tower of Babel was about, but also the United Nations. When we suddenly all appear to be speaking a different language, it's not time to flee, just time to hire a translator. Relearning what being close sometimes means finding a new vocabulary. It's the way you make old friends new again.

Pluto in Eleventh House

Node

If your partner offers some spontaneous payback this month, don't be surprised and don't turn it down. Let some of the burden be taken off your shoulders and allow others to pick up the tab once in a while. Giving can be better than receiving, so give them the chance to enjoy it. Remember not to tie down a partner more than they really mean to, as the possibility for overcommitment is afoot and you don't want anybody to back out later because they didn't really mean it. Nevertheless, long-range deals and partnerships that deeply affect you are favored right now, particularly where you stand to bring in more than you put out. Don't look a gift horse in the mouth, just get on and ride.

Featured Planets

When selected Lunar Return positions occupy the same spaces as bodies in your natal chart, this highlights certain natal inclinations for the month. It will mean that certain elements in your fundamental character will be emphasized both internally externally. These will be the areas that most appear to represent you for the moment and that others will seize upon as entry points to your personality. These are the areas in which you can put your best foot forward to make the most effective and gratifying steps ahead, providing your first line of challenges and opportunities to embrace the world.

Midheaven Highlighted by Midheaven

Much may swing on what people say about you and the reputation you have gained, so be prepared to defend and promote your career position and your strength of character. Moves made by yourself or others at this time may have especially long-lasting effects, as first impressions are often the most lasting, and most impressions are second-hand, not in person. This may remind you that your public image can be more important than your private one, and it is certainly more accessible to the majority of people. What they remember may not be the "real" you, but you will be wise to make sure the unreal version looks as good or better.

Daily Events: Jun 19, 2016

As the Moon speeds on through the month, the minute hand of your Lunar Return, it moves through all twelve houses of both your natal chart and the Lunar Return chart, as well as hitting both sets of planets. These are the times to look for specific events that activate these parts of your monthly picture and will offer times for making your best moves. There are forty-seven such events, and they repeat every month, but not at the same time or in the same order. Plus, the playing field and basic potentials of each month differ, so each of the basic transits has a different role to play every month, while retaining its core implications. The individual transits begin with the symbolism of the degree at which they occur, followed by an interpretation of their general meaning, and finish with a handful of specific "issues and accents" to address, which they may bring into your life. Finally, your personal Void-of-Course Moon periods will vary widely and are important timing factors in the daily decision-making process, so keep a close eye on them.

Mon Jun 20, 2016 Moon in Sagittarius (Enters Capricorn at 12:55 pm)

03:48 am **Moon Void (Personal) Ends: 12:55 pm**

12:03 pm **Moon Void Ends: 12:55 pm**

12:03 pm **Full Moon**

30° Sagittarius: *A picture of regal and sacerdotal pomp and glory reveals itself; the Pope is holding an audience in his palace. SANCTITY*

Full Moon in Natal 10th House

This may be the perfect time to button down career matters that have been under development for a while. Although the pace may be accelerated and last-minute additions come crowding in, you can have a fuller, rosier picture of just where you stand in your profession and what people think of you. Choose this spot for releasing a shotgun blast of self-promotion, whatever it is you do, as public relations has extra carrying power from this Full Moon. The buzz about you comes in a rising crescendo that peaks now, so start figuring out ways to take it to the bank. Although you may be tempted to squirrel yourself away at home, take time out these few days to wave your own flag.

Full Moon in Return 10th House

Coming to some final conclusions about the current direction of your career would be in order now. This is not the time to make permanent decisions or try radically new directions, but analysis of just how successful your strategies have been would be a good idea. This especially applies to observing how others view what you are doing, as external cooperation and support are essential to shoring up even the highest accomplishments. If your efforts have not been bringing applause, it might be time to

rethink your strategies and pick a more crowd-pleasing approach. You bank on your reputation more than you might think, so make sure there is sufficient in your account.

Issues and Accents: *advancement, experience, business, gravity, command*

12:33 pm **Moon Enters Return's 11th House**

30° Sagittarius: *A picture of regal and sacerdotal pomp and glory reveals itself; the Pope is holding an audience in his palace. SANCTITY*

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

Issues and Accents: *indifference, income, intentions, combinations, vision*

02:12 pm **Moon Conjunct Natal Uranus**

1° Capricorn: *An Indian chief is standing before the assembled powwow of tribes and demands recognition coldly and regally. CONTEMPLATION*

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. The best maneuvers often burst out full-blown like Athena from Zeus's brow. Don't be impatient with others who may not go along, and be ready to accept consequences, for good or ill.

Issues and Accents: *freelancing, removal, upsets, separations, excitement*

03:39 pm **Moon Enters Natal 11th House**

2° Capricorn: *Three stained-glass windows in an old cathedral are seen, and the center one has been damaged by bombardment. DEFIANCE*

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *indifference, hopes, combinations, vision, flattery*

04:55 pm **Moon Conjunct Natal Saturn**

3° Capricorn: *The human soul is visualized as a hovering spirit eager and receptive to the lessons to be learned from life. STATUE*

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't overcome your limitations until you truly know what they are. Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate.

Say grace, and you'll receive grace.

Issues and Accents: *fatigue, constipation, decay, discretion, constancy*

Tue Jun 21, 2016 **Moon in Capricorn**
07:59 am **Moon Conjunct Natal Neptune**

11° Capricorn: *In a quiet and landscaped portion of a vast private estate, a group of pheasants display their brilliant colors. LUXURY*

Intuition runs strong for a bit, and chances are that hunch you have is correct, even if you can't put your finger on it or give a reason for your predictions. The same goes for your people-antennae, which are particularly tuned in to the feelings of those around you. It's easy to drift off into a daydream, or simply fog out at a cocktail party. Operating heavy machinery, however, is less than recommended. Don't try to dream and drive at the same time.

Issues and Accents: *laughter, relaxation, frustrations, rumors, fears*

08:22 pm **Moon Conjunct Return's Pluto**

17° Capricorn: *A mature but long-repressed young woman is bathing surreptitiously in the nude and finding a release in spirit. IMMOLATION*

You may have to briefly force someone's hand in order to win this round, but that's all part of the game, so don't flinch at the possible necessity. Also don't be surprised if turnabout is fair play and you find yourself the subject of a force play. The bottom line is to remember that it's more than just your game and you can only win if everybody gets to the finish line. Don't try to overwhelm pockets of resistance, however, as a Pyrrhic victory is an empiric defeat.

Issues and Accents: *radio, immodesty, the bedroom, abnormalities, debilities*

Wed Jun 22, 2016 **Moon in Capricorn** (Enters Aquarius at 09:09 pm)
03:23 am **Moon Enters Return's 12th House**

21° Capricorn: *Excitement thrills the grandstands during the relay race as each runner springs to his place with eagerness. TRANSITION*

Behind-the-scenes maneuvering can go a long way toward setting you up for the main event, so don't feel you have to tell all right now to get things done. What you don't know can hurt you, so some non-invasive information-gathering on the sly may be just what you need to take some time for right now. Honesty is the best policy, but do no harm is the bottom line. The less said the better right now, and actions will speak louder than words when the time comes.

Issues and Accents: *retrospection, disillusionment, hidden affairs, isolation, sleep*

03:38 am **Moon Void (Personal) Ends: 09:09 pm**

07:10 am **Moon Enters Natal 12th House**

23° Capricorn: *The army is erect in a long faultless line as resplendent officers confer upon a private two awards for bravery. RECOMPENSE*

This is likely the quiet time of the month, a lull in traffic, the calm before the

storm of renewed energy that will follow. Retreat and contemplation, with resultant renewal and regrouping, are favored pursuits. Use down time to reconsider your options and make sure you are really on the right course. Inner challenges you grapple with and resolve now will result in more focused and effective action when the time comes for it, which will be shortly.

Issues and Accents: *denial, retrospection, hidden affairs, confusion, sleep*

09:58 am **Moon Void Ends: 09:09 pm**

Thu Jun 23, 2016 Moon in Aquarius

Fri Jun 24, 2016 Moon in Aquarius

07:25 am **Moon Conjunct Natal Mars**

19° Aquarius: *On every hand are the still-smoking embers, but the forest fire is out, and the weary fighters are most jubilant. ASCENDANCY*

You may find yourself running into brief spells of irritability and/or impatience, when you want to get on with things but your way appears blocked. It's easy to get into a fight, perhaps even easy to win one, but it's not a good time to choose one. Avoid quarrelsome and contentious people who might get your goat and remember that most battles aren't worth fighting. Snap judgments are usually the worst, and you can't regret mistakes you don't make.

Issues and Accents: *challenges, hate, machinery, violence, hostility*

10:10 am **Moon Enters Return's 01st House**

21° Aquarius: *Leaving the room is a well-groomed and striking and conspicuously solitary woman, long disappointed and disillusioned. HOMAGE*

This marks a period when it will benefit you most to use your personality as the winning card in any game you are playing. It's the time to make that sale, impress that client, charm that lover, play to the audience. Don't try to impress them with statistics or your track record, just wow 'em with the way you come on, with the conviction you have in what you present. This is the month's window for being on-stage, so take the opportunity to light up when it's presented.

Issues and Accents: *demonstration, achievement, compassion, excuse, vitality*

03:29 pm **Moon Enters Natal 01st House**

24° Aquarius: *A man obviously of the world has turned his back on passion and is giving people a deep and undying wisdom. DISPASSION*

This is likely your most interesting and active time of the month, when you can project yourself more convincingly and with greater force than at any other time. It's the time to get things done in person, face-to-face, rather than by mail or phone, as your ability to project yourself is at a peak, as is the inclination of others to accept you at face value. It's a period to make extra space in your schedule, as you're likely to have more to do than you expect.

Issues and Accents: *envy, demonstration, achievement, compassion, consultation*

04:49 pm **Moon Void Ends: Jun 25, 2016 03:32 am**

07:00 pm **Moon Void (Personal) Ends: Jun 25, 2016 03:32 am**

Sat Jun 25, 2016 Moon in Aquarius (Enters Pisces at 03:32 am)

Sun Jun 26, 2016 Moon in Pisces

00:50 am **Moon Conjunct Return's Neptune**

13° Pisces: *In a still corner of the museum are weapons of long ago, and in a glass case by itself is a single venerable sword. ENSHRINEMENT*

Trust your feelings and try to harness your intuition, which is favored. Although goals are different from dreams, you must dream to have goals, and it's at times like this they are born. The seeds of the future are borne on the wind, and when reveries come to roost, the fantasies of tomorrow become the accomplishments of today. But like a hall of mirrors, only one of the images is you, and you will have to find out which one that is, in order to make it come true.

03:45 pm **Moon Conjunct Natal Moon's Node**

21° Pisces: *A child who is strange to rural life has taken violent fancy to a little white lamb, and a Chinese servant smiles. COMPANIONSHIP*

Commitments undertaken at this time may last longer and require more of you than you now anticipate, so don't sign on the dotted line until you have read the fine print. And, don't casually say yes to something you don't really mean, because you may be held emotionally or financially accountable for it. This is a time to fine-tune your honor and become more closely aware of your emotional responsibilities, and realize just how much your behavior affects others.

08:56 pm **Moon Void Ends: Jun 27, 2016 08:09 am**

11:54 pm **Moon Void (Personal) Ends: Jun 27, 2016 08:09 am**

Mon Jun 27, 2016 Moon in Pisces (Enters Aries at 08:09 am)

02:42 pm **Moon Enters Return's 02nd House**

4° Aries: *Two lovers are strolling through a secluded walk. ENJOYMENT*

This month's finances are best dealt with, or at least planned for, during this two-day stretch. Make decisions, allocate funds, plan a budget, write checks, anything that can go towards wrapping up your money issues for the month. Once these issues are out of the way, you can move on to networking on your next set of issues. This is the time to count your recent winnings, impact any losses, and see what your bottom line is going to fund for you in the near future.

Issues and Accents: *desirability, magnitude, seclusion, kindness, aid*

08:44 pm **Moon Enters Natal 02nd House**

8° Aries: *A large old-fashioned woman's hat is revealed, with streamers flying in a stiff breeze from the east. INGENUOUSNESS*

Attention to cash flow and how to improve its balance in your favor catches your focus, and you'll find yourself basing both attitude and decisions on how much it costs, what it's worth, who wants to buy it. Your innate possessiveness is at its maximum and it may be hard to part with belongings, even ones you need to get rid of. It's also a time for reevaluation of what you think is important to you and why you consider it so, getting your ducks in a row and making critical choices.

Issues and Accents: *rights, refunds, desirability, cash, kindness*

Tue Jun 28, 2016 Moon in Aries

Wed Jun 29, 2016 Moon in Aries (Enters Taurus at 11:05 am)

00:48 am **Moon Conjunct Return's Uranus**

24° Aries: *An open window of an old-fashioned room is seen, the net curtain blowing inward into the shape of a cornucopia. PROTECTION*

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

Issues and Accents: *incompatibility, irregularities, licenses, research, perplexity*

03:05 am **Moon Void (Personal) Ends: 11:05 am**

08:48 am **Moon Void Ends: 11:05 am**

Thu Jun 30, 2016 Moon in Taurus

09:01 am **Moon Conjunct Natal Jupiter**

14° Taurus: *Several children are splashing with delight in a receding tide, and at their feet are shellfish groping for shelter. EMERGENCE*

Look for circumstances to further your good fortune and new ways to develop that further your agenda. This is aided by a generally positive, can-do attitude and a feeling that it's all going to work out for the best. And that's an approach that can make for excellent self-fulfilling prophecies. Generosity is the first option, which tends to be returned in kind, and a feeling of being in touch with the general operating system of life gives insight to the heart as well as the head.

Issues and Accents: *perfection, furniture, wages, integrity, finances*

11:41 am **Moon Conjunct Natal Sun**

15° Taurus: *A man in evening clothes is muffled to breast the storm through which he walks, yet wears his top hat rakishly. TRANSCENDENCE*

This is likely your second most active time of the month, as your inner energies get a boost and you are more likely to be in for some ego-stroking. As greater energy and enthusiasm flow, so do the opportunities to expend them, so you might take care not to overdo things or you'll drain yourself. This has a "launch-pad" feel to it, so

make sure new endeavors begun now are birthed with a steady hand, as well begun is half done and you don't want slips at the starting gate.

Issues and Accents: *heat, ostentation, vigor, self-interest, confidence*

12:47 pm **Moon Enters Return's 03rd House**

16° Taurus: *An old man is attempting, with a degree of success unsuspected by him, to reveal the Mysteries to a motley group. ANTICIPATION*

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around to get it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty, things that grease the skids for all concerned and avoid wasted time by getting rid of repetition, misunderstandings.

Issues and Accents: *cousins, proportions, mail, duplicity, siblings*

04:48 pm **Moon Enters Natal 03rd House**

18° Taurus: *A woman is holding a linen bag out of her window to give it fresh air and sunshine. SUBLIMATION*

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and Accents: *school, cousins, proportions, mail, correspondence*

09:10 pm **Moon Void (Personal) Ends: Jul 01, 2016 12:46 pm**

Fri Jul 1, 2016 Moon in Taurus (Enters Gemini at 12:46 pm)

01:20 am **Moon Void Ends: 12:46 pm**

01:34 pm **Moon Conjunct Natal Mercury**

1° Gemini: *A glass-bottomed boat drifts silently and easily over a constantly shifting panorama of marine wonders. FRESHNESS*

Sudden inclinations to figure things out and think things through are definitely the way to go, and it's a good time to put it down in writing lest you forget it. That's also a good idea because schemes hatched now may be somewhat colored by feelings of the moment that can be wisely edited out after a second look. Keep it simple and don't get bogged down in details for the time being and you can cover multiple topics and issues, solve multiple problems while the inspiration lasts.

Issues and Accents: *advice, advertising, withdrawals, files, disputes*

Sat Jul 2, 2016 Moon in Gemini
06:24 am **Moon Conjunct Return's Mercury**

11° Gemini: *A new real-estate subdivision is revealed with wide paved streets, ornamental lights, and a few newly built houses. IDENTIFY*

This is a time for clearing things up and attempting to be particularly lucid about your current set of plans. New insights can be worked into the picture and details laid out to those who need to be in the know. Bounce ideas off other heads to see a less subjective view of your schemata, then proceed to set things into motion before you lose the freshness of the inspiration. Though feelings may compel, you're best off right now with only what can be expressed clearly in words.

Issues and Accents: *versatility, nerves, cousins, changes, waiters*

10:49 am **Moon Enters Return's 04th House**

14° Gemini: *Two people at widely different points are in conversation with each other by means of telepathy. DISCERNMENT*

Attention to laying the foundations of what you are going to do and be for the month is the order of the day. Build from the ground up and don't start on the first floor until the basement is done. You don't have to complete it all right now, but have the order determined and your materials ordered so you don't have to go back and draw up altered plans later. Where you've already put it all together (or mostly), tidy up the joint, set your house in order.

Issues and Accents: *cooking, heirlooms, detachment, emotional needs, resources*

01:17 pm **Moon Enters Natal 04th House**

15° Gemini: *Two Dutch children in their immaculate native costumes are studying their lessons together. CLARITY*

A general inclination to hold back and go inside for inspiration holds sway, which can lead you to tend home affairs or simply to withdraw a safe distance to consider what's important and what your next move will be. Similarly, it's a good time to refine defense strategies and patch up those fences that separate you from the neighbors and the outside world, literally and figuratively. When you are sure of your boundaries, you can more safely go beyond them.

Issues and Accents: *archives, concealment, heirlooms, detachment, dependence*

Sun Jul 3, 2016 Moon in Gemini (Enters Cancer at 02:21 pm)

04:44 am **Moon Void Ends: 02:21 pm**

06:25 am **Moon Conjunct Natal Venus**

26° Gemini: *The winter frost has stolen through the woods and has given to the trees and underbrush a witching cosmic lacery. DIGNITY*

Take the opportunity to express the warmth you feel and don't hesitate to display your social charms in a fertile, group context. Flattery will get you everywhere, so you can safely lay it on thick. Self-improvement and beautification are the way to go, but self-indulgence can slip into the middle, so watch that you don't overdo things because you just can't help yourself. Impulse buying is easy to do - be kind to yourself, but watch your wallet.

Issues and Accents: *hope, offspring, weddings, amusements, benefits*

06:25 am **Moon Void (Personal) Ends: 02:21 pm**

12:47 pm **Moon Conjunct Return's Sun**

30° Gemini: *A typically American conceit is seen: bathing beauties parade before the judges and crowd at a seaside resort. DISPLAY*

The heart of the matter and the main focus of the month gets its greatest boost now, even if it may not seem so at the moment, so keep your eyes wide open and be ready to jump to the tune when it starts to play. It's a time to whip up enthusiasm, not necessarily to get down to brass tacks, so put on a happy face and spread good feelings around, even if nothing else seems to get done. By engendering warmth and excitement, you focus the flood in your direction and partake not only of your own energy, but the environmental electricity flowing down your wire.

Issues and Accents: *drama, speculation, prestige, generosity, exhibitionism*

02:01 pm **Moon Enters Return's 05th House**

30° Gemini: *A typically American conceit is seen: bathing beauties parade before the judges and crowd at a seaside resort. DISPLAY*

Making the most of playtime can do as well for you as the most earnest work, and setting time aside for recreation and generally creative pursuits will serve to refuel and reinspire the rest of the month. The works of your life are your children as much as any son or daughter, and when they are conceived and nurtured in love, the result can only bring reward. So, listen to the natural soul inside and take some time now to bring those inner voices into the sunshine.

Issues and Accents: *warmth, coincidence, positiveness, dynamics, flirtation*

04:44 pm **Moon Enters Natal 05th House**

2° Cancer: *An alert and eager individual rests upon a magic carpet, observing a vast level vista over which he hovers motionless. THOUGHT*

This is a very open time of month, when spontaneity and warm feelings can flow more easily, and the creative and romantic urges compete to hold sway. A good time for connecting with children or for taking a little time off for fun and frolic. Risk-taking is easier, and you're likely better at it now, though don't go out on a limb unless you're sure. Don't push for concrete steps, but go with the flow and let things happen and the results will surprise and delight.

Issues and Accents: *fun, vanity, libido, resourcefulness, exorbitance*

06:44 pm **Moon Conjunct Return's Venus**

3° Cancer: *Through the cold darkening depths of a Northern canyon, a man all bundled up in furs leads a shaggy reindeer. IMMERSION*

It's a good time to be presenting things in the best possible light and dressing up your reality in its Sunday best. When you look good, you feel good, and you make others around you feel better as well. By surrounding yourself with the trappings of love, desire, wealth, and beauty, you bring those very same elements closer to you, so indulge yourself in order to attract the future wherewithal of self-indulgence. In other words, consider play to be an investment in the future as one good thing leads to another.

Issues and Accents: *reimbursement, reconciliations, aromas, wealth, laziness*

Mon Jul 4, 2016 Moon in Cancer

12:02 pm **New Moon**

13° Cancer: *A hand, which is held out receptively, is remarkable for the suggestion of character in its prominent thumb. DETERMINATION*

New Moon in Natal 05th House

Find a party to go to, give one, or just party down where you stand - the astral weather is perfect for it. In fact, anything you do for enjoyment will seem twice as good right about now. Play with your children, or just break out the inner child, as you can more easily part with self-consciousness and spontaneity breaks out, well, spontaneously! If you call on the Muse for a creative project, she will definitely show up (Muses love parties, and children), and you'll find your juices flow faster and easier than usual. There can be a fine line between joyous adventure and risky behavior, however, so try to stay on the safe side of the line. A good time to engage, but not be, a designated driver both literally and figuratively, so you can be safely irresponsible for a while.

New Moon in Return 05th House

Games can be played for the fun of the moment or they can be played seriously, and right now is a good time for the first. Try out new pleasures, new enjoyments, whether physical, mental, or spiritual - anything that looks like it will fuel your creativity and introduce you to something new and fun. Go on adventure with your kids, try taking up a new sport, get artsy-craftsy, or pick up an instrument and play it. Add some variety to your love life, become a connoisseur, be the life of the party. The opportunity to try things out to see if you like them is knocking, so opt for the free trial, no obligation required. But, of course, if you like it, you can subscribe.

Issues and Accents: *vanity, merriment, libido, resourcefulness, lighting*

Tue Jul 5, 2016 Moon in Cancer (Enters Leo at 05:29 pm)

00:51 am **Moon Enters Return's 06th House**

21° Cancer: *The magnificent opera house with its glittering audience rests in silence; the prima donna is singing. RECOGNITION*

The daily structure of your life and work is often taken for granted and so can fall into disrepair. This is a time to reinvent the ordinary and make it special, to see that the habits and methods that make up your daily operations actually serve the purposes for which they were intended. By being a do-it-yourself efficiency expert, you can make this month more productive and less boringly repetitious. If it works, embrace it. If it doesn't, erase it.

Issues and Accents: *workers, faults, specialization, dependents, criticism*

01:06 am **Moon Void (Personal) Ends: 05:29 pm**

04:22 am **Moon Enters Natal 06th House**

23° Cancer: *A serious little study group, a literary club, has met for social and intellectual fellowship in some member's home. ACQUAINT*

This period has a bit of a "back to work" flavor, where picking up stitches and buttoning down projects is the flavor of the day. Where you have gotten off schedule, either at work or in your personal habits or health regiment, now is the time to make the correction and get back on track. By strengthening routine so it runs by itself, you free your hands for more important things down the line and prevent untimely trip-ups from overlooked details at the last minute.

Issues and Accents: *faults, specialization, assistance, telephone, cleaning*

07:30 am **Moon Void Ends: 05:29 pm**

Wed Jul 6, 2016 Moon in Leo

Thu Jul 7, 2016 Moon in Leo (Enters Virgo at 11:42 pm)

05:48 am **Moon Enters Return's 07th House**

21° Leo: *An unwitting allegory is enacted by a few chickens, who have gotten at some fermented feed and are happily intoxicated. REFINE*

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

Issues and Accents: *partners, impasse, lovers, alliances, hospitality*

11:13 am **Moon Enters Natal 07th House**

24° Leo: *A strange figure is revealed, outwardly unprepossessing, untidy, unkempt; he is a yogi of transcendent powers. CHARACTER*

Personal relationships can be put into focus now, and you may find that you can share your emotions and responsibilities with a partner who will take a load off your back. By giving credit where it's due and avoiding competition or jealousy you will find you often receive more than you give, but then that is what usually results from an open hand and heart. Fairness is at a premium right now, so go out of your way to see that everyone is on an equal playing field.

Issues and Accents: *mediation, contempt, concession, contrast, discrimination*

16° Virgo: *The delighted children are crowded about a cage in the zoo; an orangutan is sitting in a spot of afternoon sun. DEXTERITY*

Positive thinking and a generous imagination can now set the stage for

increased opportunity and a bigger piece of the pie. The only limits you have are those you impose upon yourself, and now is not the time to do that. Think big, not only for yourself but for those involved with you, so that win-win situations can blossom and lead to ever-expanding possibilities for all concerned. When you invest in others, you invest in yourself, paying dividends to your posterity.

Issues and Accents: *corrections, luck, budgets, indolence, salaries*

07:12 am **Moon Conjunct Return's Moon's Node**

17° Virgo: *A vast display of cosmic force is seen in the eruption of a volcano with dust clouds, flowing lava, earth rumblings. ELEVATION*

This is a time when the fox comes into view and the chase is begun, but you may not want to participate in the hunt, so take stock before you go galloping off. The opportunity for emotional or financial attachments and the responsibilities they entail may be something you want to pass on for the moment. Today's blithe commitment all too often becomes tomorrow's burden, so be sure that you really want it before you saddle yourself with more than you may want to carry. This does not mean avoid commitment altogether, but that many call and only a few should be chosen.

21° Virgo: *A large, cheerful, bare room holds two teams of fresh young girls engaged in a laughing contest of basketball. QUALIFICATION*

05:06 pm **Moon Enters Return's 08th House**

4° Libra: *A group of students of higher truth in summer conference are seated about a campfire in unconscious meditation. MELLOWNESS*

Financial self-reliance is a goal, but sometimes it's better to gamble with other people's money than your own. A carefully-wrought juggling act of balancing borrowed stakes with retooling and refitting your own personal resources can serve you as well as gold in a safe deposit box. Extra baggage that you eliminate right now will make that whole process work more efficiently, so what you can't reclaim for reuse, spin off as gifts or collateral.

Issues and Accents: *omens, garbage, puzzles, predictions, depression*

Mon Jul 11, 2016 **Moon in Libra**

00:07 am **Moon Enters Natal 08th House**

8° Libra: *In the depths of the woods is an abandoned farm; in the deserted house a fireplace blazes merrily and mysteriously. PROVIDENCE*

Credit can be looked at creatively and used to maximum effect, with particular attention to raising your limits without overtaxing yourself. Recycling efforts may pay off by repurposing something you would have otherwise disposed of. A glance back to

the old ways of doing things can inspire and even pay off as you realize there's nothing really new under the sun. Taking out the trash, once you have decided what it really is, can feel like a fresh, new start.

Issues and Accents: *research, elimination, garbage, sanitation, depression*

 08:20 pm **Moon Conjunct Natal Pluto**

12° Scorpio: *A brilliant assembly of dignitaries is seen on a highly polished dance floor; it is an important embassy ball. POMP*

The inclination may be to push through to get your way, that for the moment the end justifies the means. Stand back and take another look, however, and you might decide otherwise. When you simply "must" do or have something, you probably shouldn't - at least not to the degree you are contemplating. Such feelings are signals that can get you in better touch with deeper emotions and are better used in that cause rather than in the service of a quick ego boost.

Issues and Accents: *luck, research, the unconscious, spies, vanity*

 05:10 am **Moon Enters Return's 09th House**

16° Scorpio: *A girl's face is revealed of fine, delicate aristocratic features; suddenly these break into a glorious smile. FERVOR*

Is your life cinema verite, or is there a plan? Now's the time to invent the latter or improve on what you've got. Dead reckoning can get you where you're going, but why not have a map? This is a good time for establishing the lay of the land, getting that aerial overview that confirms where you've been, where you are, and where you're going. You needn't rush off on the journey, just turn it around in your mind until you have a good grip on the possibilities it offers.

Issues and Accents: *abundance, reverence, intangibles, learning, omissions*

10:03 am **Moon Enters Natal 09th House**

18° Scorpio: *A winding quiet road, carpeted by falling leaves, leads through an old-fashioned woods rich in autumn coloring. FULFILLMENT*

This can be an ideal time for those long conversations and ambitious exploration of new mental and emotional territories. Your reach feels greater than before and you are only limited for the moment to what you can imagine, leaving the details for later. You can stand back and examine the big picture and chart your way through it. Travel broadens the mind, whether it be a physical trip or an armchair journey of the mind. Believe in what you conceive, and it will come true.

Issues and Accents: *intangibles, interpretations, learning, suitability, omissions*

03:22 pm **Moon Void (Personal) Ends: Jul 15, 2016 10:15 am**

09:48 pm **Moon Conjunct Return's Mars**

24° Scorpio: *A steady stream of people down a mountain side gives testimony to the power of the man who has there addressed them. APPEAL*

A quick, deft thrust can slay your quarry, but shooting from the hip risks overwhelming return fire. Rash actions seated in annoyance or anger can do a lot more damage than just sitting on your hands and waiting it out. Forceful action can carry the day, but only if it's well thought out and comes from a cool head, not a hot heart. The opportunity here lies in knowing when to pass and let someone else make the mistake, after which you may capitalize upon it.

Issues and Accents: *quarrels, arrogance, excitability, roughness, encouragement*

11:23 pm **Moon Void Ends: Jul 15, 2016 10:15 am**

Fri Jul 15, 2016 **Moon in Scorpio** (Enters Sagittarius at 10:15 am)

Sat Jul 16, 2016 **Moon in Sagittarius**

09:43 am **Moon Conjunct Return's Saturn**

12° Sagittarius: *In a curious allegorical transformation, a flag becomes an eagle, and the eagle becomes chanticleer triumphant. PREPARATION*

Setting limits and downsizing some of your operations may be just what you need to get a tighter focus and better utilize limited resources. This may at first seem a downer, but it's really a matter of putting quality over quantity. You cannot be all things to all people, so you have to select what role you can effectively play and divert your assets to support it. Carefully-chosen sacrifices allow all your guns to bear on the target you can't afford to miss.

Issues and Accents: *austerity, consumption, tenacity, ingratitude, inertia*

12:37 pm **Moon Enters Return's 10th House**

14° Sagittarius: *A vast panorama of sand and time is unfolding; the pyramids and sphinx in their glory rise before the eye. REMINISCENCE*

What people believe you are often seems more important than what you really are, so crafting your public image is critical for success. This is always a mix of real achievements mixed with what's in the eye of the beholder, so make sure that you have both working for you. Find out now what other people, especially your peers, are saying about you and provide information to turn the opinion polls your way. Sometimes a spin doctor is more valuable than an M.D.

Issues and Accents: *decisiveness, economy, management, consistency, honor*

03:31 pm **Moon Enters Natal 10th House**

15° Sagittarius: *The time is at hand to determine whether the winter shall end; the groundhog comes forth looking for its shadow. RECONNAISSANCE*

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself.

Make mileage out of compliments and take credit where it is due. Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

Issues and Accents: *decisiveness, economy, consistency, credibility, notoriety*

Sun Jul 17, 2016 **Moon in Sagittarius** (Enters Capricorn at 08:34 pm)

09:58 am **Moon Void Ends: 08:34 pm**

11:29 am **Moon Void (Personal) Ends: 08:34 pm**

08:11 pm **Moon Enters Return's 11th House**

30° Sagittarius: *A picture of regal and sacerdotal pomp and glory reveals itself; the Pope is holding an audience in his palace. SANCTITY*

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

Issues and Accents: *discontent, dissatisfaction, hopes, colleagues, combinations*

09:50 pm **Moon Conjunct Natal Uranus**

1° Capricorn: *An Indian chief is standing before the assembled powwow of tribes and demands recognition coldly and regally. CONTEMPLATION*

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. The best maneuvers often burst out full-blown like Athena from Zeus's brow. Don't be impatient with others who may not go along, and be ready to accept consequences, for good or ill.

Issues and Accents: *transportation, removal, growth, predicaments, excitement*

11:16 pm **Moon Enters Natal 11th House**

2° Capricorn: *Three stained-glass windows in an old cathedral are seen, and the center one has been damaged by bombardment. DEFIANCE*

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *discontent, income, intentions, combinations, vision*
