Life Progressions

We are born into an existing progression of change, through which we evolve and grow during our lifetime. Being conscious of our position in this succession of change helps us more clearly define and understand ourselves. An awareness of our current life situation relative to a larger, evolving chain of events helps us negotiate the challenges that confront us in our daily lives.

This Life Progression report (based on the technique of Secondary progressions) describes experiences and understandings relative to particular aspects, thus depicting the effect of these planetary aspects on an individual. The report covers a period of at least one year. The time period covered by the text varies according to the nature of the astrological event associated with each paragraph. A paragraph referring to a progressed Moon will cover a much shorter period than one referring to the zodiacal sign on a progressed house cusp.

This report is intended to enhance the natal chart, not to replace it. The two go hand-in-hand. The progressed chart brings to fruition the promises of the natal chart.

Report for Beyonce Knowles

Your Life Progressions for Jun 01, 2016

Scorpio on the First Cusp

There is a strong intuitive feeling that many changes lie ahead of you. You may feel an urgency to renew or update your appearance, as if preparing for the inevitable. You may tint your hair or change its style, go on a diet, or have a facial mole removed. Even your attire will be modernized. From time to time, matters pertaining to insurance settlements, health benefits, inheritance, income tax, alimony, mortgages, or other forms of mutual finances will require your attention. Be careful that you do not wield monetary issues as a means of manipulation over another. Your sex drive may increase or undergo a complete reversal. An inner tension, not apparent on the surface, can create emotional turmoil when rejection confronts you. A possible resentment may develop against a situation that appears restrictive. It is your sense of fairness that keeps you from forcing your desired changes, from seeking full control of your own life and personal affairs. Guard against emotional upheavals, for they can play havoc with the elimination process. The condition of your progressed ascendant ruler, Pluto, can provide additional insight into new circumstances and motivational influences touching your life at this time.

Venus in Sagittarius

Venus is associated with affections and harmonious conditions. Previous acts of jealousy and possessiveness with close ties are lessening, as she progresses into the sign of Sagittarius. Your former fixed ideas and views are relaxing in their intensity. Your emotions will not rule your heart and head as strongly as they have in the past. Your attitude is free and lighthearted. You will come in contact with women, and make friends with those of a different or foreign background. Romance can blossom through travels or while attending educational classes. Luck and protection are in your favor in matters connected with finance, material possessions, and legal activities.

Venus in the First House

Others will admire you for your pleasant and cheerful personality. This is good for your ego, endowing greater self-esteem and an excellent opinion of yourself. This newfound popularity increases success, for you have the tact and diplomacy to deal with people effectively. Attention is placed on personal appearance, with an interest in jewelry, hairstyling, and modern attire. Your social life is activated. This position increases the chance for marriage or enlargement of the family through a wedding or birth. Social contacts play an important role during this trend.

Venus Trine Mars (Prg-Nat) Jun 27, 2017

There is a certain air of personal magnetism about you that is likely to attract the opposite sex. You may notice an increased intensity of feelings and emotions. You have a happy frame

of mind with thoughts of social interaction and pleasurable get-togethers. New romantic attachments, formed now, are sure to have a lasting quality about them. This trend is favored for new business ventures and financial endeavors. Married individuals desirous of having children will have a greater chance for pregnancy.

Uranus in the First House

Expect the unexpected, for herein starts an eventful life. It will be difficult to maintain a steady routine existence as many changes and happenings are likely to occur from time to time. You are becoming independent in thought, action, and deed, and will form your own opinions regardless of what others may think of them. There is a natural curiosity connected with the unusual, the bizarre, and the unconventional. Circumstances will introduce new and interesting friends into your social circle. In many cases, some will leave just as quickly as they entered. You may want to start or join a professional or fraternal organization. The field of technology, aeronautics, computers, television, radio, CBs, or astrology will touch upon your life during this time.

Sagittarius on the Second Cusp

You have the "luck of the Irish" on your side -- a protective influence that brings in extra cash, just when a past-due bill needs to be paid. Money and income can be derived from more than one source. As a rule your hunches are good, but they can bring reversals through unwise risks. Be careful of your actions, what you say, and legal documents you sign that could involve you in costly litigations. Interests associated with the printing or publishing industry, trucking, large-scale communications, travel, or foreign trade can be gainfully rewarding.

Neptune in the Second House

You'll have to remain on your toes and alert at all times where personal finances are concerned. Matters can get so confused, even when you are not at fault. Bank statements can get lost or computers go haywire, indicating insufficient funds and setting you off into a state of frenzy trying to prove you are not in error. Save all receipts, especially medical and hospital bills. Keep your pay stubs until the promised raise or bonus has been received, or the overtime paid. Being gullible at this time will not merit you financial gains. Hidden or unforeseen monetary rewards will surprise you -- a forgotten dividend check is received or a friend pays back an old loan. Whatever the case may be, you will experience this from time to time. For one reason or another, you may be tempted to have a secret savings account or hide money away that no one knows about. You will get more enjoyment out of your personal funds if you can afford a cottage by the lake, a trailer in the woods, or a small boat for fishing.

Capricorn on the Third Cusp

There is an air of cautiousness that colors your manner of expression. This can project an image of being somewhat secretive or reserved, when in reality you are trying to weigh your words more carefully to minimize any possibility of being misunderstood. Perhaps speaking without forethought in the past may have created problems that instilled your present diplomatic outlook. Further studies to enhance your career may be undertaken. You may have to handle a lot of mental activity or paperwork or make short trips in connection with your job.

Your actions will be carefully thought out to avoid possible loss of reputation, public image, and credit rating. One of your brothers or sisters may be undergoing heavy burdens or responsibilities during this trend.

Moon in Aquarius

You may find yourself expressing deep concern for other people's problems and a readiness to assist them, if necessary. Your understanding and sympathetic nature has a humanitarian overtone. There is an eagerness to develop new friendships and participate in group-related activities. You may decide at this time to start or join an organization. You may feel there is a need for new outlets in your life or a complete change of direction -- a surge of personal independence to do something unique and different. If your activities have been suppressed or restricted, you may have to guard against going to the extreme and seeking the unconventional, perhaps later regretting this break from concrete ties. It will be difficult to maintain a normal, routine existence for many unexpected events and happenings will break up the usual pattern of your life. Friends, daughter- or son-in-laws, and other people's children will either assist you or create emotional disturbances. The most vulnerable health areas are the circulatory system and muscle spasm in the calf. Note the house position of your progressed Moon to determine the area of life in which the element of the unexpected is likely to occur.

Moon in the Third House

This is one of the busiest trends of your life. Activities are centered around frequent short trips, phone calls, and letter-writing. Direct your restless mind into new channels. Golfing, model-making, knitting, or study courses will aid in keeping from fretting about insignificant worries. An emotional bond may be formed between yourself and a sibling or neighbor. Do not permit your mind to dwell on past slights or what you feel was a personal affront or criticism. The sign position of your progressed Moon may disclose positive outlets for mental expressions and studies.

Moon Sesquiquadrate Mercury (Prg-Nat) Feb 19, 2016

A possible lack of mental clarity may require the use of caution regarding speech and the written word. Misinformation and false statements can lead to quarrels and disputes with business deals, neighbors, or family members. It is best to ignore unreliable rumors and gossip that can open you up to verbal attacks and possible quarrels. Delays and setbacks make it an unfortunate period for travel, business, or starting new ventures.

Moon Square Ascendant (Prg-Prg) Apr 11, 2016

Emotional and domestic difficulties, especially where women are concerned. They are likely to be a source of irritation or interference with personal plans. This could result in a break-up of close emotional ties -- perhaps a separation from a loved one or parent. If running for public office, it would be wise to seek the counsel of someone experienced in public relations. Your own image will not project as well as you would prefer. A PR person can help to smooth the rough edges.

Moon Trine Jupiter (Prg-Prg) Apr 18, 2016

One of the most opportune periods for financial, business, and social affairs. Use a positive and constructive approach with this trend, commencing all new undertakings that promise good fortune and opportunities. Do all you can to improve personal conditions. This can be a milestone in which goals and objectives take new and favorable directions. This is a good time to speculate, invest, and make beneficial contacts or ties. Consider new educational pursuits or make travel plans.

Moon Trine Venus (Prg-Nat) May 4, 2016

Unless other conditions are prevailing in your life, this should be one of the best periods for financial success and social advancements. Your feelings and emotions are aroused and will find a satisfactory outlet through present or new attachments. Should situations permit, this may be the time for engagements or marriage. Social functions, invitations, and receiving of flowers or gifts are highlighted. One may also look forward to a prosperous time for finances or investments. While these opportunities may present themselves, it will be up to you to take the initiative and promote these activities into action.

Moon Trine Ascendant (Prg-Nat) May 5, 2016

Emotional stability and good judgment can open the door to new opportunities for advancement. Seek positive changes in all directions of life, whether vocational, domestic, or personal. You exude great rapport at this time. Social contacts with women, and the general public, can produce beneficial results. Family matters should be on even keel, with a general feeling of contentment.

Moon Square Moon (Prg-Nat) May 22, 2016

Take preventive health measures and get a physical check-up, and encourage those in your immediate environment to do the same. Unfortunate changes can be disruptive and cause uncertainty in making important decisions. If you work with the general public or are campaigning for an election, you may be quite disappointed with the public's response. This is not the time to pursue personal or vocational advancements. Women in general and all close family relations may be a source of irritation or may be lacking in cooperation.

Moon Sextile Neptune (Prg-Nat) Jun 24, 2016

You may have accurate psychic impressions during this trend, which can pay off if you listen to them. Strange and prophetic dreams may try to relate a message while you are sleeping or meditating. It may be possible to develop the art of visualization -- seeing in your mind's eye what you hope to achieve in life, and then feeding the subconscious mind the picture as though you already achieved it. Unforeseen rewards may come your way, for favors you have generously given in the past.

Unforeseen rewards may come your way, for favors you have generously given in the past.

Moon Trine Pluto (Prg-Nat) Jul 10, 2016

A positive time in life in which new beginnings or changes take place. You will have the will-power to eliminate that which is no longer useful or banish undesirable habits such as overeating, smoking, or nail-biting. This is a good time to review and update, if necessary, your home, car, or life insurance. Investigate investment programs that can help you achieve emotional and financial security. There is the likelihood of monetary or material gain through the resources of others.

Moon Opposition Mars (Prg-Prg) Jul 24, 2016

You are likely to experience an emotional confrontation with a close attachment or with family members. Be discreet with the opposite sex, and curb the tendency to be short-tempered or irritable with those you love. Personal affairs and new undertakings should be carefully thought out, as they are likely to meet with obstacles and opposition. This trend is of short duration. It would be wise if you could put off signing papers or making important decisions until your judgment is more rational.

Moon Trine Pluto (Prg-Prg) Aug 14, 2016

You will have the will-power to eliminate that which is no longer useful or banish undesirable habits such as overeating, smoking, or nail-biting. This is a good time to review and update, if necessary, your home, car, or life insurance. Investigate investment programs that can help you achieve emotional and financial security. There is the likelihood of monetary or material gain through the resources of others.

Moon Sesquiquadrate Saturn (Prg-Nat) Aug 17, 2016

You can make great strides during the next three months if you concentrate on projects that are difficult to handle and require an isolated condition from which to operate. Affairs connected with finances or business matters will be rather depressing. You are likely to brood or worry over delays in personal affairs. This is not the best time to ask favors of bosses, parents, or older individuals, or for beginning new projects. Your system may be sluggish, so get plenty of rest to renew your lowered vitality during this trend.

Moon Opposition Midheaven (Prg-Prg) Sep 28, 2016

There is an emotional pull between family responsibilities and career interests. You may have to find a way in which to blend the two areas together. Changes are likely to affect your immediate environment, through the possibility of moving or enlargement of your present home. Purchase or sale of property may also be given consideration.

Moon Square Uranus (Prg-Nat) Oct 23, 2016

A difficult three month-period in which you may be prone to say and do hasty and impulsive things without considering the consequences. You may exhibit erratic or eccentric behavior that may later be cause for regret. Changing conditions and new opportunities may come your way, but obstacles may have to be overcome if you are to take advantage of them. You may experience difficulties with commitments made to clubs and organizations. Be selective of new friends, associations, and emotional ties with the opposite sex. You may be magnetically drawn to the wrong type or prone to acts of indiscretion.

Moon Sesquiquadrate Jupiter (Prg-Nat) Nov 17, 2016

There is an inclination to spend more than you can afford, with the possibility of overextending yourself financially through extravagance. Although your intentions were good, you may discover that you have promised more than you can actually deliver. Irritability may be present in your make-up. During this trend it may be best to avoid too much contact with close associations and family ties. Watch your health, and don't overindulge or overexercise.

You can make great strides during the next three months if you concentrate on projects that are difficult to handle and require an isolated condition from which to operate. Affairs connected with finances or business matters will be rather depressing. You are likely to brood or worry over delays in personal affairs. This is not the best time to ask favors of bosses, parents, or older individuals, or for beginning new projects. Your system may be sluggish, so get plenty of rest to renew your lowered vitality during this trend.

Moon Square Venus (Prg-Prg) Mar 2, 2017

During the next three months, more than any other time, you are likely to be misunderstood and easily hurt. You may be too sensitive, permitting personal feelings to dominate over reason. Matters concerned with close ties, romance, or associations may not be going as well as you would like. This is not the time to push for an ultimatum; it more than likely will end in a disagreement or separation. This is not the best time for dealing with the opposite sex, or with social or domestic affairs. Temporary financial setbacks may also pose a problem.

Moon Quincunx Mars (Prg-Nat) Mar 12, 2017

These three months can yield constructive energy if applied wisely. You will be able to

accomplish much in the way of hard work or the handling of difficult tasks. Be discreet with the opposite sex, and forego new attachments until this trend has passed. This is not the best time for travel, working with mechanical equipment, or machinery. Avoid excitement and overactivity, especially if you exercise.

Moon Sesquiquadrate Sun (Prg-Prg) Mar 15, 2017

Physical stamina, vitality, and your general state of health may not be up to par. During the next few months all relationships are best kept at arm's length to avoid possible disputes or confrontations. This is not the time to push ahead in business or personal endeavors. Obstacles and drawbacks are likely to hinder or impair potential opportunities.

Moon Quincunx Mercury (Prg-Nat) Apr 6, 2017

This is a period in which mental independence in speaking and general correspondence is stressed. A good time to make plans for future study courses or learning new skills and techniques. During the next few months you may be kept rather busy providing services for others -- perhaps driving them to dental appointments or other such commitments.

Moon Trine Mercury (Prg-Prg) Apr 16, 2017

Your mental energy is stimulated and flows with a positive influence. It should be easy at this time to learn and grasp more knowledge than usual -- to undertake, and pass, driving or written tests. This is a fortunate and successful period for all mental applications. Excellent for writing, handling of correspondence, and negotiations -- buying or selling of property and real estate. Be alert for new business opportunities. Favorable trends for traveling, and for affairs of siblings and other close relationships.

Moon Sesquiquadrate Jupiter (Prg-Prg) Jun 8, 2017

There is an inclination to spend more than you can afford, with the possibility of overextending yourself financially through extravagance. Although your intentions were good, you may discover that you have promised more than you can actually deliver. Irritability may be present in your make-up. During this trend it may be best to avoid too much contact with close associations and family ties. Watch your health, and don't overindulge or overexercise.

Moon Sesquiquadrate Venus (Prg-Nat) Jun 16, 2017

Do not place too much emphasis on events or relationships that surround your life during this trend. You can be easily hurt by placing stronger attachments to matters or individuals than is really there. Your feelings and emotions are liable to suffer by the thoughtless actions of another. Best to keep your emotions under control during this short duration, to avoid possible quarrels or separation from loved ones. There is also the possibility of some financial loss or setbacks.

Moon Sesquiquadrate Ascendant (Prg-Nat) Jun 18, 2017

Emotional and domestic difficulties, especially where women are concerned. They are likely to be a source of irritation or interference with personal plans. This could result in a

break-up of close emotional ties -- perhaps a separation from a loved one or parent. If running for public office, it would be wise to seek the counsel of someone experienced in public relations. Your own image will not project as well as you would prefer. A PR person can help to smooth the rough edges.

Moon Sesquiquadrate Midheaven (Prg-Nat) Jul 21, 2017

There is a possibility of undesirable changes in the domestic circle or through one's career. Emotional instability can push you into seeking an ultimatum from those you love the most. A new boss with whom you do not get along can cause emotional upsets. Affairs of grandparents or a parent may require your personal attention and concern. You may find yourself being drawn into the unpleasant task of resolving a family crisis. Parents can be quite demanding of your time and attention during this trend.

Moon Sesquiquadrate Pluto (Prg-Nat) Aug 20, 2017

Emotional outbursts may be unleashed against those whom you feel are trying either to dominate you or to create changes that are upsetting to your environment. Although these changes may be necessary in the scheme of things, you may find it difficult adjusting to them. The altering of these conditions may result in separation from loved ones, and finding it hard to let go. It may be parents moving to a distant city, a child getting married, loss of an older member of the family, or a divorce. Whatever the circumstances, your domestic and emotional feelings will undergo an intense change.

Whatever the circumstances, your domestic and emotional feelings will undergo an intense change.

Moon Quincunx Saturn (Prg-Nat) Sep 26, 2017

You may be required to take on an additional responsibility that could easily drain your energy -- perhaps working longer hours at your place of employment or having to care for an ill parent or other older member of the family. You should maintain an optimistic state of mind, and avoid complaining. Mental depression will only hinder future advancements and possibly have an affect upon your health.

Moon Opposition Sun (Prg-Nat) Dec 12, 2017

You are entering a critical position in which trying conditions of anxiety and worry may be experienced. Changes are par for the course, resulting in a break-up of existing conditions or separation from close ties. Social activities may be at a standstill or prove to be a disappointment. Feelings and emotions are vulnerable and likely to suffer through loss of pride and dignity. The following three months are a time for major decisions and for recognizing the

need for a new direction in life. You will have to clarify your goals and personal desires, and then take the necessary steps to set them in motion.

Moon Quincunx Jupiter (Prg-Nat) Dec 23, 2017

The trends are fairly good during the next three months for financial, business, and social affairs. This is a period of time in which one should review present progress and concentrate on sowing the seeds for future growth and expansion. Consider the consequences of any new ventures or undertakings. Can you handle additional projects? Can you fit them into your busy schedule without undue stress on your health? A sensible diet and exercise program along with avoiding excesses, can do wonders for renewing your vitality.

Aquarius on the Fourth Cusp

Any changes made in connection with your home environment will be of an abrupt and unexpected nature. It is difficult to maintain a normal routine atmosphere within the home base. There is constant disruptive altering of plans or friend dropping in at the most inopportune moment. "Acts of God" (such as tornados, floods, or wind storms) may alter the basic structure of your home base or the landscape. A parent may be an astrologer, television or radio personality, or have other unusual, interesting hobbies. It is possible to establish a strong emotional bond with a close friend.

Pisces on the Fifth Cusp

Creative or unusual hobbies such as music, art, dancing, photography, ESP, and yoga are excellent escapisms from everyday stress. You have become very sentimental and emotional in feelings of romance. You may find your ideal love relationship or experience the depths of despair and disappointments. Do not be too trusting, as matters are not always as they appear on the surface. Step-children, adopted children, or those who are mentally or emotionally disturbed may touch upon your life. This is not the time to ignore the affairs of your own children. They are very susceptible to the influence of others at this time. Some may develop foot problems or a sensitivity to certain medications. Your second sibling may be undergoing a very confused state of affairs.

Aries on the Sixth Cusp

New developments, opportunities, and challenges lie ahead in your vocational duties. You have more confidence in your own capabilities to make positive changes than you have had in the past. If not given a supervisory position, you may be placed in charge whenever the boss is absent. You function best independently and when others permit you to reach your own decisions. This sign is associated with accidents that can occur at work or with migraine headaches and high fevers.
